--	--------	-----

Before The End of the Sprint

Plans:

- Change the filter panel

Task Assignments:

Task Description	Assigned to
5.4 Create panel for filter options	Allison

Minutes from Previous Meeting

The previous meeting discussed the need to get the API information from ticketmaster to display inside the website. This was the main focus of our work before the last sprint meeting. We wanted this to be shown in order to have information to test to users during the user studies
